DOCKETED BY

Copy to NEC

Dear Sir

I object to NEC rate increase under streamlined processing pursuant to rule 107. The normal format process of rate review must be required. NEC must reduce its excessive internal expenses and seek alternative sources of purchasing power in order to sustain or reduce current rates.

Additionally, this (37% increase of basic rates 4 % rate increase) does not in courage conservation but is across the board regardless of usage. This is not acceptable.

Please send any additional forms required to intervention as necessary and I am seeking legal counsel & assist in intervention.
